Frequently Asked Questions

What is e-Events?

e-Events is the Hilton Family's new tool for planning small group events from start to finish on the Web. You can use e-Events to reserve up to 25 guest rooms per night for your group, book any size meeting space, place food and beverage orders, rent audio/visual equipment – or all of the above. And because the whole process is done online, you can plan your event from start to finish without long waits and tons of paperwork, 24 hours a day, 7 days a week. e-Events may be used to book an event at any participating hotel within the Hilton Family, subject to availability.

When I use e-Events, will my event be handled in the same way as an event booked by calling the hotel directly?

Yes. All e-Events reservations for guest rooms, meeting space, food and beverage, and audio/visual equipment are serviced with the same care as all events booked with the Hilton Family.

How does booking guest rooms through e-Events work?

When you book guest rooms through e-Events, you reserve a specific number of rooms for each night of your group's stay. The number of rooms you request will be held for your event until the reservation cutoff date specified in your online contract. On or before the reservation cut-off date, you or your guests must "confirm" each reservation within your group by providing necessary information about who will occupy each room. You can easily confirm rooms for your group using the Hilton Family's Guest List Manager tool. You can access Guest List Manager by clicking the link provided on your event's confirmation page, or by clicking the e-Events tab in your HHonors® or Fast Reservations profile. Alternatively, your guests may confirm their own rooms on the Web, via telephone, or directly with the hotel using your property code, group code and event dates. This information will be provided to you on your event confirmation page. Any rooms not confirmed by the reservation cutoff date will be removed from your event room block.

Can I make reservations on behalf of my guests?

Yes. Once you use e-Events to reserve rooms for your event, you can use the Hilton Family's Guest List Manager to confirm you guest's rooms and provide the required rooming details. You can access Guest List Manager by clicking the link provided on your event's confirmation page, or by clicking the e-Events tab in your HHonors® or Fast Reservations profile.

Will my guests be eligible for Hilton HHonors® points?

Each guest will receive Hilton HHonors points for their stay as they would for any other Hilton Family stay, so long as their HHonors account number is provided with the room reservation. This number can also be provided at check-in.

Can I book just guest rooms, or just a meeting room?

Yes. When you begin using e-Events, you will be given the option to book up to 25 guest rooms per night, a meeting room, or both.

Will my credit card be charged up front?

Your credit card may be charged an initial fee depending on the type of event you plan. Please review the terms and conditions of your contract prior to acceptance.

As the group planner, will I be billed for my entire group's guest room charges?

As the group planner, your credit card may be charged an initial fee as outlined in the terms and conditions of your contract. The remaining guest room fees and other charges incurred by your guests will be billed upon checkout to the credit card provided for each room reservation.

Can I book an e-Event on the day of arrival?

e-Events may be used only to book an event up to 72 hours prior to arrival. If you need to arrange an event inside of 72 hours, please contact the hotel directly.

What if I want to book my event at a Hilton Family hotel that is not available on e-Events?

If your preferred hotel is not available through e-Events for the dates you have requested, you can continue with the event planning process by selecting "Submit RFP" on the search results page. You will be asked to submit your event information, and you will be contacted by the hotel with availability and pricing information.

How do I make changes to my e-Event?

Changes to your event can only be made by contacting the hotel directly.

Can I add meeting space, guest rooms, food and beverage, or audio/video to an e-Event I've already booked?

Please contact the hotel directly, and they would be happy to assist you with your request for changes to your e-Event.

Can I change or modify specific room reservations made by others for my e-Event?

No. Once confirmed, individual room reservations may only be changed by the person who confirmed that particular reservation and only pursuant to the terms and conditions the reservation.

Can I cancel my event?

Yes, you can cancel your event by contacting the hotel directly. You will be subject to any cancellation damages according to the terms and conditions of your contract.

What if I need additional food, beverage or audio/visual choices?

If you do not wish to choose from the food and beverage or audio/visual selections provided on e-Events, you will be given the option to have hotel staff contact you to discuss further options after your event is confirmed.

Do I need to call the hotel to confirm my e-Events booking?

You are not required to contact the hotel prior to your event. However, hotel staff are happy to assist you should you wish to confirm your event or request changes to your reservation

What happens if I don't receive a confirmation? Does this mean my event isn't booked at the hotel?

You should receive a confirmation email shortly after you complete your booking through e-Events. If you do not receive a confirmation, please contact the hotel directly to confirm the status of your e-Event.

Will the hotel send me a contract to sign for my event?

No. When you book with e-Events, you agree to the terms and conditions of the contract that is presented to you online. Your final confirmation of the booking serves as an electronic acceptance of this contract. You do not need to sign any further contracts or paperwork before your event.

What information do I need when contacting the hotel about my e-Event? Y

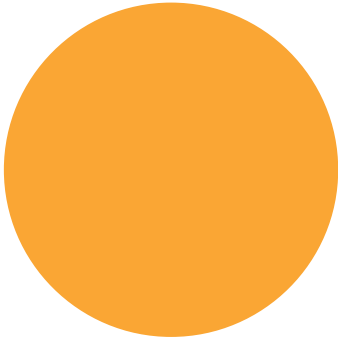

ou will need your confirmation number and group code when contacting the hotel regarding your e-Event. This information is provided to you on the confirmation page as well as via email when your e-Event is booked.

I am a travel agent. Are e-Events commissionable?

No, e-Events room rates are non-commissionable for travel agents and other third parties.
